home safely

# Work Health and Safety in Australia

Who does what? How do we all fit together?

## Safe Work Australia

We work with state and territory authorities to improve work health and safety and workers' compensation for **all** workers in Australia.

## Work Health and Safety Regulators

We manage the laws about work health and safety for our state or territory. We make sure people follow those laws.

## Workers' compensation authorities

We can support people with the workers' compensation process.

The most valuable package is **YOU**,  
find information on staying safe at work here:
