

**Deliver yourself
home safely**

Consult on safety

Deliver yourself home safely

**Who do you talk to about your
safety at work?**

The platform or food outlet must talk with you when safety risks are found or when improving safety - it's the law!

Help the platform or food outlet to manage your safety risks by telling them of any dangers that you see - because the most valuable package is YOU.

This is called consultation, and it helps keep everyone safe. Find out how here:
